## Meet the Missus

### FRANCES OF THE FRANK & FRANCES KATEN TEAM

Although Frances is pictured displaying stamps (for a story in the Woman's Page of our Sunday Gravure section) she is well versed in numismatics. She has been a full time partner for the past two years and is just at home in selling you a multiple taler or U. S. Colonials. Try her on a beautiful NE Shilling (\$275) or the Washington Liverpool 1791 Cent (Unc. at \$165) both from the Parmelee Collection. Or even the famous Cheapside Token, Low #72 (Unc. at \$135). All three later from the Bird Collection.

### END OF FIRST SESSION—THANK YOU

### Second Session Starts Tomorrow, Promptly at 7 o'clock

**Many, Many Thanks**—for your kind letters expressing your nice thoughts on my cataloging. I try at all times to make my descriptions as clear and simple as possible. This I feel helps the newcomer as well as the experienced collector. The value of the material being catalogued, does not decide the amount of time to be devoted to it. For instance, on Lots Nos. 785 to 790, I spent approximately two hours. Maybe that is why I am getting almost 400 bids per sale, an almost unheard of total. Again, Many Thanks.

## Katen Koin Kapers

The Coin House  
Organ to end all  
such blurbs.  
Vol. 1, No. 4  
December, 1949

**THANKS for the orchid Dept.:** Dear Katen: I was very pleased with the results of our coin sale. It is quite evident your clients have respect for the right kind of material. It is also remarkable that in some cases you were able to obtain over catalog on some items. Perhaps condition was the principal factor in the good results achieved. I shall recommend your sale down at the club where many others have material which they hesitate to "sacrifice." There is something emotional in even a small collection, however, when the collector receives a nice price it compensates for the parting. It seems almost impossible to collect without forming some interest beyond objective facts involved. I am sure you have used discretion in handling what is somewhat ordinary material to many. Perhaps I'll have the opportunity of acquiring more coins in the future, and I will remember your efficient service. Sincerely yours, Signed . . .

We receive a great many letters like the above, but this was so unusual we could not help printing it. As this catalog is going to press the same day the letter was received, we did not have time to obtain the writer's permission to use his name. However, if permission is granted we shall be glad to give his name upon inquiry.

**WE HAD BEEN PREPARED** to receive some letters with reference to the constructive criticisms and suggestions made in last month's KAPERS, but we never expected an avalanche. **EVERY LETTER RECEIVED AGREED WITH US**, but one—and that we are printing first:

**FJK**—Why not devote pp. 47/48 of your catalog to what **you** have to sell?

Other letters named names, places and happenings in our Association that require confirmation, study and analysis before they can be aired. Certainly "where there's smoke, there's fire" otherwise so many wellknown and "big" names would not have written as they did. The time has come for serious consideration and thought. Our Association and our Hobby must not suffer. **We must remain united**, even if it means the sacrifice of stepping down from an office or the admission that bad judgment was used in the past. We must avoid any split in our ranks as happened in a national stamp group years ago, with the formation of a second organization. Last year, after another difficulty, a third organization was formed.

**We Shall Reprint** excerpts from some of the letters. Our future course will depend on what you, the "G. I." member may suggest. Please continue your letters—your name will not be used, unless permission is granted.

**From San Francisco, Calif.:** I note your comments in your KATEN KOIN KAPERS and can but say your questions "hit the nail on the head" and are of the kind some of us here wanted to put to . . . a year ago, but he purposely evaded being where he could be questioned. There is no doubt in my mind that the A. N. A. conducted the whole matter (convention) in the wrong manner—insofar as impartiality is concerned—but since the ANA "hierarchy" was biased, my personal complaints to the ANA President and "so-called" chairman of the ANA's Convention Committee . . . failed to bring forth corrective measures and constructive and completely informative suggestions and included a rather scathing reply from the ANA . . . as if I was inquiring of matters not of concern to me, so there seemed no chance to get to a responsive authority for corrections.

I do hope the next host gets a better deal, and while there were many good features at S. F. and many seemed pleased, still I personally think the whole overall picture could have been much better, to say nothing of the inadequacies in the Auction Catalogue matter. It seems that . . . wanted it all to his advantage and anyone who dared to question developments was out of order.

. . . Thanking you for your courtesies and hoping through incessant watching the ANA will recognize the will of its common members, I am . . . Sent in by an important member of the Convention Comm.

**From Illinois:** I was very interested in your remarks about the last convention. I was not present, but hardly needed to be. I could smell "Herring" all the way here in the Middle West. I did get a catalog (wonder of wonders) probably because I like auctions and generally bid . . . Here is something to think over. How about **polling the members** (bold face curs, ed.) at large on opinions for bettering the management of the A. N. A. I will be glad to pay a chunk of the expenses. Best regards, Signed . . .

(Seems to me like an excellent suggestion. I have the complete list of collectors, including all the resignations, and they total about 11,000. I will gladly donate the time necessary in addressing and mailing as well as a sizeable cash contribution toward stationery and postage. Let's hear from others on this).

**From Tulsa, Okla.:** Re: S. F. Convention. Just such business and Rackets, is what destroys many an organization, Business, Lodge, or "what have you." I am a new member, and "don't know or can't say much"—but do appreciate the information. Signed . . .

**From New Orleans, La.:** I wish to compliment you in regard to the stand you have taken regarding the A. N. A. Yours truly, signed . . .

**From Illinois:** We must compliment you on your Katen Koin Kapers page 47 and 48 inclusive. It seems to us that . . . and his ANA confederates lost all sense of common decency and have done more damage than any one else we know of. Glad to see he is no longer . . . for A. N. A. and hope never become A. N. A. . . . in future. Sincerely yours, Signed . . .

**From New Jersey:** Ex. ANA 7911. I resigned because of the dues increase without giving members any increased benefits. At \$3 I would be glad to be a member. Signed . . .

**From Washington, D. C.:** The 2 items that interested me the most were the ones about the increased cost of printing the Numismatist and the loss of 1726 members—the first total loss of membership since 1933.

In my humble opinion the two go hand in hand. Due to the increased cost of publishing the magazine, the loss had to be made up in some way, so the subscription price was increased to \$5. This was one of the main reasons why so many resigned and so many were suspended for failure to pay dues. This is also one of the reasons why so few new members are being signed up this year. Of course there were other reasons why so many members dropped out, but in my opinion it is more than a coincidence that so many dropped out the year the subscription price was almost doubled.

So if giving the account back to the J. W. Stowell Printing Co. will half the cost, thereby making it possible to reduce the subscription price, what are we waiting for?

As long as I have the floor, I have one more suggestion to make, increase our activity in the line of organizing Junior Coin Clubs. I notice most of the High Schools have Stamp Clubs, so why could we not do the same, or at least try? . . . Cordially yours, Signed . . .

**From New York City:** I read with much interest your note, in the above mentioned catalogue—"To repeat myself—We must try to regain the 1726 members who resigned or were suspended during the fiscal year." Has anything been done, or is being done, to ascertain the cause for this unprecedented decline in membership in one year? I've been a member of the organization since 1928 but never before has there been such a drastic drop in membership and new applications!

We should encourage the young coin collector to join up with the association. Upon the young blood depends the life of the organization. It is my impression, based upon mature study of the situation during the past several years, that the boost in membership dues to \$5 killed off a large percentage of the membership. It is my humble opinion that the major revenue of the association should emanate from the advertisements of the organ and not from the membership dues. This because the advertisements form such an important source of revenue for the advertisers.

New applications used to run as high as 150 per month. Now they hardly reach 100.

Knowing you to be a member of long standing and reputation, and in view of my own interest in the fortunes of the association, I would be pleased to get your reaction to this apprehensive situation, respecting the alarming decline in membership. Cordially yours, Signed . . .

**From Massachusetts:** Was interested in your comment on the last A. N. A. Convention. Am physically unable to attend coin meetings and conventions but even from my remote position had wondered what the score was concerning last year's program management. I did not bother to write for a catalog being impressed that it was purely a one lone dealers proposition. Most Sincerely, Signed . . .

**From Cleveland, Ohio.:** AMEN! Your words on Coin (Monkey) Business echo my sentiments. How about attacking the "Big Boys" oyster by amending the Proxy resolutions. Signed . . .

**From Fullerton, Calif.:** . . . Glad to read your comments on A. N. A. Give me your idea on best method to get back the 1726 "lost" members.

Do you think the election was not carried on properly—or ballots counted right? . . . Best Regards, Sincerely yours, Signed . . .

**From West Va.:** I was interested in your Katen Koin Kapers. Keep up the good work. I know that all isn't quite right in the ANA and I'm glad to see a "big name" like you working on it. My name is familiar to a lot of collectors but I still don't have much "pull." I'll add a little "dope" to what you have already written. I'm tied up in all of this some way or other but it is not because I am pushing my own aims. (. . .) as I have given up practically all hope of having them accomplished anyway, but because I would like you to learn of a few other things.

I'm afraid there isn't much chance of regaining the 1726 members we have lost—not more than those that merely resigned because of a temporary lack of interest in coins. I have met a couple of members that were pretty well disgusted with the ANA (you've probably met several, traveling more than I do) and had no intention of having anything to do with it again. The reasons are various and while I have been disgusted at times myself, I have no intention of resigning as the only way us true collectors can fight any corruption is from inside the club, not outside through resigning.

Here are some of my complaints: (We are omitting this portion of the letter at this time, ed.).

I could also talk about a number of other things but better sign off. Such as the idea of centralization in the ANA. All officers, etc. in Wichita, Kansas. . . and that is why the printer was changed from Stowell to the present printer, in case you did not know it. Should I have become . . . I would have had to move to Wichita so I would be there too. I feel this an entirely false idea—a member likes to feel that he has one of the "big shots" in his area too, that he might see fairly often if he attends club meetings.

. . . Best wishes and good luck. Signed . . .

**From Cincinnati, O.** Under the title "Katen Koin Kapers," you express my sentiments relative to ANA Officers and Board. They all are out to dip their hands in the Reserve treasury and to kill it off finally. Later day members of the ANA will never know how carefully money was penuriously piled up by us old timers, with hope, that some day we would be enabled to erect an A. N. A. Building in Washington, D. C. All the raises Frank Duffield received were due to me and he did manage, edit and run the Numismatist, printing and all at the meager salary of \$800. Then \$1,000, then \$1,250, then \$1,500 finally doing then, and what could be done now, by one man's full time.

Instead they hire a Manager, an Editor, a Secretary, with salaries and expense accounts. Any wonder the reserve capital is being expended. The J. W. Stowell Printing Co. did the job of printing the Numismatist at a reasonable price, five years after its inception. Yet these new officers elect, changed printers without the sanction of the membership. Also changed the cover and color thereof. No sentiment left in this crowd of incompetents, of officers elect, until they hang over the brink of bankruptcy.

They are unaware existing companies never change wrappers or covers of periodicals—but with lust of power, they use their personal judgment instead of getting

the consent of the membership. Their memories, if they have any is short. Another bunch of officers changed the blue cover of the Numismatist to a white cover for one year. Then the protests against the white cover made them change back to the blue cover. Now they change the cover again to a sickly tan.

. . . The ANA cannot prosper with a manager in Iowa, an Editor in Washington, D. C. a Secretary in Kansas. Printed in Wichita, Kansas, The Numismatist (word blurred) have a perfect tower of Babel. Any wonder they are tapping the Reserve Fund.

Keep up your good work, Mr. Katen, it will have its effect. Sincerely, Signed . . .

I regret, space does not permit me to print any additional letters. Please be patient—your letters will be acknowledged personally.

And so to bed (press bed). Boy, pass me the aspirin, please.
